

Manage your pension plan on the go

Download the Standard Life app today to manage your workplace pension at a time and place that suits you.

- See the value of your plan(s)
- See how your investments are performing
- Change your investment choice(s)
- Update your selected retirement date and beneficiaries

Your pension plan is invested and the value can go down as well as up. It could end up worth less than what was paid in.

Use our retirement planning tools

Use our retirement planner and retirement income tool to understand the level of income and lifestyle you could be on track for. You can then explore what actions you can take which might help you achieve an even better income in retirement, as well as accessing helpful resources.

Get in touch by secure message

If you have any questions, we're here to help through our secure messaging service. This is a protected, confidential channel where you can share information safely and we aim to reply to you within 24 hours. Conveniently, you can also send us important documents by simply taking a photo and uploading.

Bring your pensions together*

You can transfer any other pensions you may have into your Standard Life plan if you feel this is right for you. You can start the process by submitting information and then Standard Life will do the rest. You should consider all the facts carefully before transferring.

*Only available for certain pension plans

Your pension at your fingertips

Depending on what smart device you have, the app can be accessed quickly through fingerprint or facial recognition technology, meaning you won't have to type your username or password.
